**Quote from Paul Hudson, President and CEO St. Coletta & Cardinal Cushing Schools of MA, Inc.**

*We are so fortunate to receive the support of the Massachusetts State Council Knights of Columbus. Their care of our school and mission is long-standing and deeply meaningful to our organization. The children's chapel, once badly water damaged and unsafe, has been transformed into a student hub for worship and faith because of their caring. Additionally, I extend the open invitation for the use of the chapel to be utilized by the Knights of Columbus for their place of worship and community. Arrangements may be made by contacting my office at 781-829-1200.*
